WHAT OUR ALUMNI HAVE TO SAY ABOUT THE PROGRAM

Alumnus Testimonial

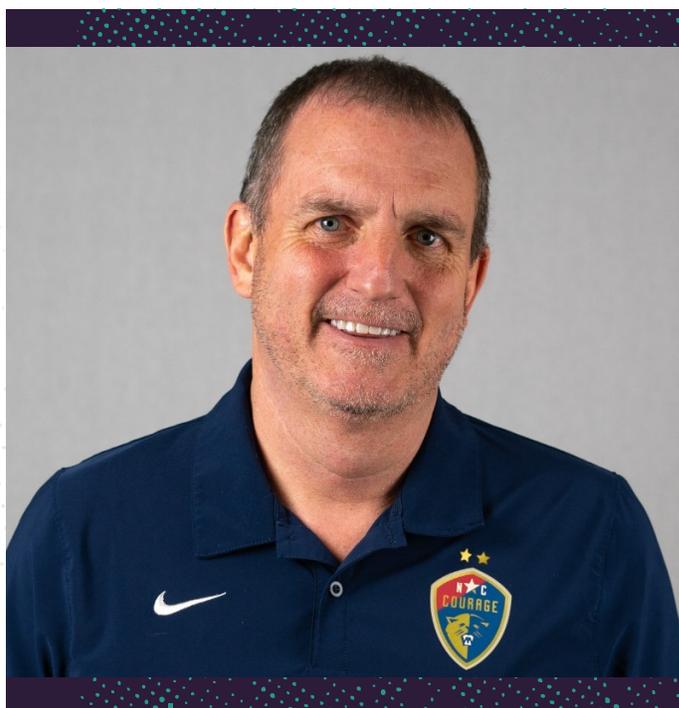

Having the flexibility to work full-time and also pursue my Master's degree online was a great opportunity. The combination of the Project Management Certificate interested me as I was overseeing projects in the Athletic Department. I was simultaneously learning in the "classroom" and in the field. I was surrounded by several mentors who encouraged me to continue my education, and although it added coursework to an already busy athletic schedule, it was good to know it's never too late to learn and improve.

Rory Jimerson, MSSM Alumnus

Alumnus Testimonial

The MSSM program at WCU provided me with the perfect opportunity to transition from a corporate environment to the sports industry. The excellent faculty in the program guided the students through the educational process empowering us with the knowledge to succeed. Currently, I am the Senior Director of Operations for the North Carolina Football Club. I highly recommend this program for those looking to get an introduction or build on your existing experience in the sports industry.
